# Scout™

## BOSS 4.5

*Midi-Drive Power Wheelchairs*

### *BOSS 4.5 is State-of-the-art and American Made*

**Easiest access** - just step on the footrest for easy access to the seat.

**Supremely comfortable**, finger touch reclining admiral seat featuring coil spring cushioning system with contoured, orthopedic seat and back for maximum comfort and long term support. **Heavy duty** steel suspension frame is completely covered for enhanced appearance and comfort.

**Super Indoors** - Patented 3/4 midi drive designed, with 24.4" turning radius and narrow 25.4" width provides **great maneuverability** in tight indoor spaces. **Exclusive 450 lb. power seat option** with advanced proportional control in the controller. Low 19" seat to floor height.

**Superior Outdoors** - Inherently **more efficient** and **powerful** with modular controller, in line gear drive and high torque, cool running, 4 pole motors for range up to 25 miles.

**Exceptional power** to climb long 9 degree hills and ramps (not limited to 5 degree inclines) with fast jogging 5 mph. speed and **rock solid stability**.

**4 point seat mount** system provides easy battery access with adjustable seat height and angle, position adjustable for **optimal traction**. Footplate is height and angle adjustable with optional 450 lb. capacity ELR's, swing away footrest, rehab cane seat and power seat.

**New state-of-the-art** programmable **modular controller** is easy to drive with advanced **dual variable speed**, **speedometer** and proportional dual **auxiliary motor** control **from the joystick**.

**Boss 4.5** features **heavy duty structural steel frame** and the same motor drive we use on our 650 lb. capacity Boss to give you a chair with the **American made durability and reliability** for which PaceSaver has been famous the last 21 years.

**Removable** arms are width, height, depth and angle adjustable.

**Fast charging anywhere**, small, carry-along, worldwide charger with new state-of-the-art battery saver technology for longer battery life.

**Transportability**, separates into 6 pieces for transport.
